Carmack loves pizza. During his time at id Software, a medium pepperoni pizza would arrive for Carmack from Domino's Pizza air 15 years. Carmack had been such a regular customer that they still charge him 1995 prices. [28]

yea that makes sense

so there, that's me, & I know and am sure that there is a argument for doing it that is as valid and reasonable

yea i think you're more experienced than me

and i get to 'get fucked'

once or twice

lmao
